Massive investigation by OPP into murder at Skeleton Lake

BRACEBRIDGE — An intensive investigation is in full swing here following the murder of Ralph Albert 'Duke' Kuhn, 41, formerly of Bracebridge. Police report Kuhn was gunned down near Skelton Lake at about 11 pm on Monday, April 21st.

Det. Inspector Tom Lennon of the Criminal Investigations Branch in Toronto is spear-heading the hunt. He is working in conjunction with the Bracebridge OPP and together they are checking with neighbouring detachments, including Minden.

Registrations are being checked in all motels, hotels and lodging homes on and around the date of the shooting. Police are reluctant to supply details about the murder, pending further investigation. Although, the Centre of Forensic Sciences of Toronto has determined that the cause of death was multiple gunshot wounds to the head from a .22 calibre weapon.

Police chase hits 95 MPH

A high speed chase involving three police cruisers from the Lindsay OPP detachment and another from Cobocok, ended in a Fenelon Falls man being apprehended and charged with impaired and dangerous driving.

A Lindsay constable observed a westbound vehicle run a red light at the intersection of Highways 7 and 35 at a high rate of speed, to initiate the four car chase. A detachment spokesman said speeds of 95 mph were reached before the suspect was stopped by Cobocok officers on Hwy. 35 near Fenelon Falls.

Charged with impaired and dangerous driving is 24 year old Stephen Pillsworth of Fenelon Falls.

Toronto woman injured, car careens off guard rails

MINDEN — In three of the reportable collisions reported by Minden OPP last week, a Toronto woman received minor injuries in a single-vehicle collision and a total of \$2700 in damages were set.

VEHICLES COLLIDE WHILE PARKING

Highland Street in Haliburton was the scene of a two vehicle collision on Wednesday, April 30th.

Harry Howard 31, of RR 2, Haliburton was parked on the main street and attempted to back out of a parking space when his pickup collided with a car pulling into an adjoining parking spot.

The Howard truck received \$100 in damage while the car, driven by Emma Hewitt 66, of Minden suffered \$800 in damage. Police report no charges laid and no injuries in the mishap. PC Weldon Popp.

TORONTO WOMAN INJURED

A 25 year old Toronto woman was westbound on County Road 1 on Sunday morning at about 3:00 am, when her car clipped the guardrails and entered the north ditch. Police report that Catherine Johnson suffered minimal injuries in the mishap but her vehicle was damaged for \$800. The guard rails, \$100. PC Weldon Popp.

CAR STRIKES ROCK CUT

A 23 year old Bowmanville man was southbound on Highway 519 early Sunday afternoon, north of Haliburton, when his car entered the west ditch and struck a rock cut. Minden OPP report that John S. Sobil escaped injury but his car suffered more than \$1000 in damages. PC Weldon Popp.

Carnarvon Scout Pack plants 1500 Spruce trees

Stanhope — The 1st Carnarvon Scout Pack earned a few dollars on Saturday, towards the purchase of camping gear and other Scout needs, when 15 Scouts turned up at the fire hall to plant 1,500 spruce around the Fire Hall and Stanhope Library. Each of the Scouts had gathered pledges from residents in the area, to raise the money

for the Scout Pack. The boys completed the planting before lunch time and then were treated to a weiner roast and lemonade lunch. Above Scout Brad Archer, right, his sister Holly and his grandfather Stanley Archer put the last two trees in place at the Stanhope Library.

Motorcycle accident sends two people to hospital

Cobocok OPP report two personal injury accidents over the weekend but details are sketchy because officers reports were forthcoming.

The first accident involved a motorcycle on Hwy 503 east of Sebright about 5:50 pm Saturday. Driver Gary Clarke 20 and John Cottrel were taken to Orillia hospital.

The second accident occurred about 7:35 pm Sunday, on Hwy. 48 near the Shallamar Tavern. Coby OPP report a two car collision between a 1976 car driven by Ian Morrison 23, and a 1977 car driven by 24 year old Glen McDonald. Both drivers received minor injuries in the mishap.

OPP to hold disaster procedure program at Pinestone Inn

Many people in Haliburton County may not be aware of the fact that this area is sometimes used as a holding pattern for planes whose final destination is Toronto International Airport. In view of this, we could at some distant date be faced with a major disaster in the community such as the Mississauga tank car derailment in November of '79; the Woodstock tornado in August of 1979 and the Hawk Lake culvert collapse of May 23, 1976.

Minden OPP are inviting all members of the community who may be involved in a disaster program — doctors, nurses, MNR personnel, firefighters, ambulance drivers and attendants, local councils, etc. to attend an evening of communication and an exchange of information and ideas. The presentation will be held at Pinestone Inn on Wednesday, May 21 commencing at 7 p.m. Husbands and or wives are also invited. There will be a social hour following the program.

Eakins on budget

Disappointed farmers ignored

Eakins on budget: disappted farmers ignored6 K

"With many farmers on the verge of bankruptcy through high interest rates, I am disappointed that the Davis Government in its budget, ignored the problems of this great industry," so said Victoria-Haliburton MPP, John Eakins today.

"Last week," he recalled, "I met with Ontario Federation of Agriculture and I was impressed with the brief presented to the government and members of the Liberal caucus. It was of particular interest since 12 members of the official opposition are directly involved and active farmers. The cost of borrowing is the problem especially to recently established farmers. Most of these have a high debt to equity ratio and will be severely punished. A considerable number have already been forced to liquidate. With the high loan rates, farmers will be less likely to expand or to add on the operations of neighbours who are forced out, or retire.

"I believe the Ontario government should develop programs to assist Ontario farmers, for the farm sector is among those most harshly affected by the high cost of borrowing for capital and operating needs."

Mr. Eakins went on to say, "I am in agreement with the federation that there must be a commitment to the importance of agriculture in international negotiations and to follow through with aggressive marketing programs in co-operation with farm and food manufacturing groups to sell Ontario farm products internationally.

The focal point of this meeting will be a slide presentation out on by OPP, on the crash of a DC8 aircraft at Toronto International and the follow-up investigation.

Hal. Stedman's gets new second floor

Haliburton — On Thursday morning, the official opening of the new second floor of the Haliburton Stedman's store

took place. The spacious new second floor adds a new deminsion to the store and features many, many new items for Haliburton shoppers. The exterior of the building is not fully completed as yet, but will be soon, with a new brick work face.

Canadian Comment

BY PETER WARD

OTTAWA (SF)— One of the most solid pieces of comment I've seen on what has happened to Canada during the past decade surfaced in the last two chapters of the latest book by James B. Lamb. I thoroughly enjoyed Lamb's "Corvette Navy," the story of his time afloat during World War II, and so I picked up his "Press Gang" book with pleasant anticipation for a weekend's reading.

I sure didn't expect heavy social comment in a book which is autobiographical in nature about the trials of small-town newspapers, and

the Thomson chain. Lamb was the publisher of Thomson's Orillia Packet and Times nearly 30 years ago, when I was working in Barrie, a few miles to the south, for the old Toronto Telegram. I sought his book for nothing more than the pleasure of reading about the business, and meeting old friends in print.

Lamb left Thomson's organization in a spat over management's desire to cut into the income of carrier boys and fled to Cape Breton retirement with his typewriter. He has some

worthwhile things to say about the operation of small daily newspapers, but his last 15 pages of the book are important social comment.

He talks about the nower and shallowness of television, the medium which entertains us rather than informs, and he writes sadly about the disappearance of independent editorial voices from hundreds of small newspapers, gathered into the folds of the chain organizations who's interest is profit and nothing else.

Centralization of Canadian media influence in the Toronto-Montreal axis, in Lamb's thesis, has combined with an incestuous relationship between Ottawa journalist stars, and those in power, to emasculate Canadian independent thinking.

The removal from local control of media outlets has made possible the taking of power by those who act contrary to Canadian public desires — legalization of buggery, abolition of capital punishment, run-down of the Armed Forces, for example. It has made possible the running of election campaigns which amount to nothing less than a mass con game, breeding discontent in all Canadians and reducing any remaining vestiges of national pride to obnoxious squeals about taking the line of least resistance.

ENTERTAINMENT

Community newspaper publishers host breakfast with Premier Bill Davis

During a recent breakfast meeting, Premier Davis was presented with a Community Markets Canada data publication by Ontario Weekly Newspaper Association president William Poirier. Seated to their left are E.C. Lydan, Executive Director of O.W.N.A., and David Wenger, vice-president, O.W.N.A.

Premier William Davis heard weekly newspaper publisher concerns about the need for an adequate supply of newsprint for community newspapers and their products, as well as opposition to any kind of tax on advertising.

The Premier was the guest of the Board of Directors of the Ontario Weekly Newspapers Association at breakfast April 19th in Toronto.

Directors also covered a wide range of provincial topics in the informal discussions, ranging from interest rates and ODC loans to the equalization of hydro rates, vandalism in communities, equality of sentences under the justice system and job opportunities for young people.

Chaired by O.W.N.A. President William Poirier of Grimsby, the Board emphasized concern about meeting the needs of community newspapers with an adequate supply of newsprint that will permit growth and also keep central printing

plants active in the hours when newspapers are not being printed.

Board members underlined their hope the government would not consider any sales tax on advertising similar to that introduced in Newfoundland. Treasurer Frank Miller had earlier told the Association no such tax was currently being considered.

Stressing the importance of advertising in community newspapers to reach the people of Ontario with government information, a

copy of Community Markets Canada was presented to the premier by O.W.N.A. President Poirier. The book highlights detailed information on the 546 member newspapers of the Canadian Community Newspapers Association across Canada, including more than 200 in Ontario. It also stresses the leadership of community newspapers in reaching readers within their area.

Information on the Community Markets data for this area is available from this newspaper.

MNR warns boaters of sever river and lake water levels

According to a Ministry of Natural Resources press release last week, boaters should be aware of rivers and lakes, that for the most part are running very high at this time, but should subside shortly.

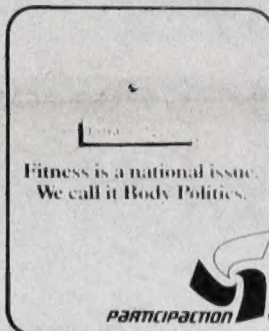

"Gates are wide open in many dams and the water currents are high approaching the dams. Boaters are advised to keep well away from any dams in the Haliburton-Muskoka areas and not to travel on rivers until the flows recede normally, within one or two weeks.

Paul Stephen, regional engineer of the Algonquin Region, of the ministry jurisdiction, advises that, "due to the high flows occurring in rivers and at lake outlets, a hazardous situation for boats does exist."

While many boats have been hauled out of winter storage, it is advisable that boaters be sure of the river, and water flow conditions before they venture out.

Rural Areas Will Receive Pay-TV If Approved

All-View Network One Inc. and its joint venture company Northstar Home Theatre Inc., in an Ottawa appearance yesterday before a CRTC Committee considering extension of television to remote and northern communities, proposed the Canada-wide delivery of all contemplated television channels direct from a satellite to every home in Canada south of the 60th parallel.

Over 1.6 million households in Canada are beyond the reach of cable television. Some 1 million of these households are in the rural area of the country on individual farms or in small communities below 100 homes. These 1 million households... over 3 million people... may never get any of the contemplated additional television services, including Pay-TV, unless a direct-to-home satellite television system is approved by the Government.

With the direct-to-home satellite television system individual homes will receive additional television channels on a parabolic home antenna varying in size from 1.2 meters to 1.8 meters in diameter. These television signals, delivered from the Canadian ANIK satellites, can be

Canada Hosts International Flower Show

International experts in ornamental horticulture will compete with Canadian florists and landscape architects in a massive exhibition in Montreal this summer.

The 'Floralies Internationales' will be held from May 17 to September 1, 1980 on the former 'Man and His World' site of Expo '67.

This is the first time the show has been hosted in North America. It is expected to attract about 2.5 million visitors to Montreal.

Major sponsors for 'Floralies' are the government of Quebec and the City of Montreal.

Three federal departments, Agriculture Canada, External Affairs and Industry, Trade and Commerce are sponsoring the Canadian exhibit and contributing about \$400,000 to the total budget for the show.

It will be divided into indoor and outdoor segments.

The Canadian indoor display will feature 6,000 square metres of cut flowers, foliage and flowering plants and various floral designs. It will be housed in the Olympic Velodrome from May 17 to May 29, 1980.

From May 31 to September 1, Ile Notre-Dame will be the site of the outdoor exhibition. Countless varieties of trees, shrubs and flowers will be displayed and continually changed throughout the summer. The Canadian exhibit will feature stylized landscapes and will occupy about 3,000 square metres of the island's 40 hectares.

In addition to the display, there will be entertainment educational presentations, passenger boats, day nurseries, picnic grounds and restaurants.

France, the United Kingdom, the Netherlands and Belgium are among about twenty countries that have already accepted Canada's invitation to arrange floral and landscape exhibits in Montreal.

Several Canadian provinces are participating, with Quebec planning the largest display. Horticultural producers and societies as well as commercial and trade organizations will be strongly represented.

Both the indoor and outdoor sections will be judged by an international jury. Several grand prizes and numerous special prizes will be presented to the winners of the best foreign and Canadian exhibits.

After the close of the exhibition, the national gardens on Ile Notre-Dame will become a permanent floral park maintained by the City of Montreal.

TIMBER SALE

TENDERS WILL BE RECEIVED BY THE MINISTRY OF NATURAL RESOURCES up to and including Tuesday, May 13, 1980 for the timber rights on a 670 acre tract of Crown land in Galway Township, Peterborough County.

The tract contains an estimated volume of 5,300 cords, mostly poplar pulpwood and boltwood. Further particulars may be obtained from the District Manager, Ministry of Natural Resources, Minden, Ontario K0M 2K0.

The highest or any tender will not necessarily be accepted.

CANADA COLUMN

By John Fisher of the Council for Canadian Unity

Conseil pour l'unité canadienne

Acadian fishermen in 1854 found a young man huddled on the beach. They took him home. He stayed with them for 64 years and never uttered a word. He died as much a mystery as the day he was left on the beach. Both his legs had been recently amputated. He was dressed in fine clothes and had distinguished features. His hands were soft. It seems he came from a fine background. The ship that dumped him was never seen.

People on the French Shore of Nova Scotia tried everything to get him to talk. Occasionally, he would grunt and it sounded as if he was saying

"Jerome", so he was called Jerome. His tombstone has only one word 'Jerome', and the date he died. No one knew when or where he was born or why he was cast on a beach with his legs cut off. Visitors speaking other languages tried to get him to say something. He remained silent and sullen. He never read. He just sat and stared out the window. He showed no gratitude to the families who cared for him over six decades.

John Fisher, Executive Vice President of the Council for Canadian Unity was Canada's Centennial Commissioner.

A new wrinkle
on stress.

How to cope.

Stress is something we encounter every week of the year. But during Mental Health Week, from May 4th to the 10th, we're putting the stress on knowing how to cope with it.

Stress is a part of normal living.

And a little stress can even help individuals realize new successes or achievements.

But evidence is mounting that excessive or prolonged stress is linked to major illnesses.

So the trick is not to ignore stress.

But to understand and control it. And now, during Mental Health Week, is a good time to start.

If tension, anxiety and daily pressures start mastering you instead of the other way around, try dealing with them in a few simple ways.

Keep up your general health. Good physical condition can help you cope with stress situations.

Talk about or work out your problems. Talking and physical activity are emotional outlets which can help put problems into perspective.

Give your support to friends, family and co-workers during periods of stress. As it helps them, it can also take your mind off your own problems.

Learn some of the new methods of controlling stress. There are all kinds of techniques, from the simplest to the most sophisticated.

And finally, get more information on how you can understand and deal with stress, by writing to: Ontario Ministry of Health, Resource Centre, Queen's Park, Toronto, Ontario M7A 1S2.

After all, the more you know about stress, the better you can cope with it. And Mental Health Week is a good time to start.

Ontario

Ministry of
Health

Dennis R. Timbrell

Men's Commercial league holds Banquet, Awards Night

Modern Electric, League and Playoff champions

HALLS LAKE—Loralie Lodge on the shores of Halls Lake was the setting for this year's Carnarvon Lanes Men's Commercial league bowling banquet and award night. Following a social hour and dinner, the league held their general meeting and made the presentations.

First order of business was the election of the 1980-81 league executives. They are: president, Grenville Barry, Guilford; vice-president, Elroy Terry, Modern Electric; treasurer, Fred Cox, PL and secretary, Bob Heppleston, Ingoldsby.

Gord Everall, proprietor of Carnarvon Lanes, then addressed the bowlers and thanked the former executive of Gord Darby, Grenville Barry, Frank Dunsford and Harris Steele on the very smooth and efficient running of the league this past season. He then invited the entire league to the Carnarvon Lane Invitational tournament set for May 11-16 and the league accepted unanimously. The top two teams from each of the 11 teams will advance to a championship final, to declare the 1980 Carnarvon Lanes champion.

Grenville Barry then took over the meeting and the awards presentations commenced. The 1980 league and playoff champions were Modern Electric, consisting of Ronnie Robinson Jr., Elroy Terry, Doug Leonard Jim Carroll, Herm Bosley and Dave MacFarlane.

The runner's-up in both categories were PL, made up of Fred Cox, Albert Cox, Jim Wilson, Bob and Doug Robinson, Harris Steele and Cliff Burke. The B series playoff winners went to Jim's Barber Shop of Jim Foster, Ron Fennell, Bob Patton, Don Burch, Jim Wilson (sub).

Ronnie Robinson Jr., for the 5th time, captured the high average honours, posting a fine 240. Ray Jenkins took the runner-up average with 218. The high single went to Guilford Recreation's Wes Stata, with 356. The triple went to Ian Colman of Carnarvon Lanes with 865 and the runner-up to Dave Bell, also of the lanes team with 807. The high single runner-up was taken by PL's Bob Robinson with 336.

for three years.

He's trying to drive a highly modified Chevrolet Monza in the International Motor Sports Association's GT series — a competition dominated by Porsche and BMW. Those factory-developed cars have been virtually unbeatable.

But Cord has stuck with the Monza for two reasons:

It's American, and it's less expensive. At \$100,000 it's about half as costly as a Porsche racer.

"If you analyze it component for component, the Chevrolet comes up as a much more cost effective way to go," claims Cord.

Until this season, the rules had worked to the European's advantage.

1979-80 Individual Champions

Major Mixed tournament won by Cox's with a plus 558

Carnarvon — Thirty-six bowlers turned up at Carnarvon Lanes on Sunday afternoon for the 1st annual Carnarvon Major Mixed bowling tournament. Although the weather was more suited to fishing or sunbathing, the competition was extremely keen with the team of Fred Cox, Bess Cameron, Albert Cox, Eddie Cox, Harold Harding and Martha Harding turning in a fantastic 558 pins over their averages. Fred Cox led the team with 225, 288, 301, 814 followed by brother Ed with 767, including a 306 and 288. There efforts gave them the \$40.00 top prize money.

Second place and winners of \$18.00 with a pins average of 203 were Lou Conway, Martin Conway, Susan Salmon and Richard and Shannon Harding. Susan was team leader, rolling a triple of 681 on singles of 211, 186 and 284.

Third place money of \$12.00 went to the Bill Korz six, with a plus of 104. Joining Bill were Dodie Robinson, Doug and Joanne Robinson and Dave and Hilda MacFarlane. Bill led the team with a fine 745, including a 294 single.

Fourth place went to the Lil Martin team with plus 86. Lil was joined by Morris and Ida MacLachlan, Luther Wilson and Diane Stevens.

Fifth place with a plus of 71 was Cliff Burke, Marnie Couture, June Henderson, Flo Henderson, Debbie Allin and Gord Everall. Sixth place with a minus 3, was Bob Robinson, Ron Robinson Sr., Ron and Marlene Robinson, Linda Thorpe and Vere Fader.

Receiving \$5.00 each for their fine individual performances on the afternoon were Ed Cox, high single of 306, Lil Martin, high single, 294, Fred Cox, high triple of 814 and Susan Salmon, high triple, 691. Consolation prizes went to the four bowlers who bowled the highest pins over their averages in singles and triples these winners were Albert Cox, June Henderson, Dodie Robinson and Al Demchuk.

Jacques Gagnon has almost single handedly and irrevocably dispelled the age-old argument that Canadians are too conservative, prepared to invest only in bonds and blue chip stocks. Gagnon has proved that, given the right investment vehicle and conditions, it is still possible to involve people in what amounts to a self-help project.

Following Gagnon's death, a foundation was established to research and find ways to help the small and medium-sized business sector, which is good news indeed. Gagnon will not be forgotten.

Take things as they come and you'll catch a lot of wrong buses.

Ontario: Let's all pitch in

Ontario in spring-time is beautiful when it is not marred by the scrubby look of winter's leftover litter. The thoughtless, throw-away habits of a few people can spoil it for others at a time when our countryside is once again ready for full warm weather enjoyment.

Fortunately, many community-minded people care about this and want to help keep Ontario beautiful.

The 19,000 members of the Ontario Federation of Anglers and Hunters, for example, assisted by the Ministry of the Environment, are staging PITCH IN DAY on Saturday, June 7th.

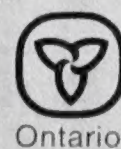

Anglers and Hunters all over Ontario

are organizing special environmental PITCH IN projects to clean-up litter and junk from streams, shorelines, rural roads and trails, picnic areas and campsites and other areas which lack regular litter collection services.

You can help to fight pollution all year long.

Start by joining a PITCH IN project in your area.

Then, PITCH IN to Keep Ontario Beautiful. We all benefit when you do.

Ministry
of the
Environment

Hon. Harry Parrott, DDS, Minister
G. W. S. Scott, QC, Deputy Minister

Let's keep Ontario beautiful.

Letters to the Editor:

The reports in the press re: the discussion in County Council dealing with the subject of acid rain and damage to our lakes, indicates some concern is felt by the members, but it also points to the need for some study of the possibilities arising from the use of lime. Dr. Tom Brydges has made it eloquently clear for all who wish to seek the information, that liming has a place in the effort to meet the problem caused by acid fall-out, in so far as the lakes are concerned, that there is some risk involved, and that the risk to aquatic life can be minimized by a properly controlled program of application of lime based on the findings of the studies now being on.

Whatever one's thoughts on this subject may be, no satisfactory results will flow from any panic inspired action on the part of concerned people. Posturing and shouting will achieve little, but an effort on the part of all who are concerned, to learn as much as we can about the problem will enable a more intelligent assessment of the work being

done by the Water quality branch and the Fisheries branch of the Ministry of Environment. Most of the lakes in Haliburton County are not believed to be experiencing any fast change of water quality, but many are subject to acid stress during the spring run-off and these return to a healthy condition in the summer. This is said to be due to the presence of neutralizing agents in the lakes or surrounding areas.

Thus it would appear that the first step would be to ask for an alkalinity measurement of any lakes about which there may be concern and these may be obtained from the Ontario Ministry of Environment. All concerned people should exert a strong, firm and unrelenting pressure on local, provincial and federal politicians to bring about control of atmospheric pollution at the source, and to achieve an international treaty between Canada and the U.S. on such controls. Both countries share the blame from damage done to the other, admittedly in different degrees, but finger pointing will solve nothing, so the drive for the control treaty must go on even if success is still some years off.

Reeve Murray Fearrey is to be congratulated on his stand on the subject when it was discussed in County Council.

Alex Stevenson

POINTERS FROM Ron Carter of the NBA Indiana Pacers paid off for nine-year-old Laura Lee. She won the national finals of the Elks Hoop Shoot by sinking 22 of 25 free throws. The Indianapolis event capped a national competition among 3 million youngsters.

Impossible dream comes true

By W. Roger Worth

"Either we mobilize the people's savings in our regions and for ourselves or those regions will forever remain underdeveloped and economically weak."

Those words written by Jacques Gagnon in the early

1970s were the underlying basis of what many considered one man's impossible dream, a simple method to involve people directly in the health and vitality of their local economy.

Bankers, financial institutions and the big business leaders laughed when Gagnon set up an organization called the Caisses d'Entraide Economique in the small Quebec town of Alma in 1960.

The aim of the organization: to foster job creation by funneling community savings into local and regional small

Roger Worth is Director, Public Affairs, Canadian Federation of

Independent Business.

and medium-sized businesses, rather than having the funds invested through the major financial institutions in projects and developments far from home.

Gagnon died recently, but he left an organization that boasts more than \$1.3 billion in assets, most of it invested in 68 local Quebec communities.

The bankers and financiers no longer laugh at Gagnon's "impossible dream." The dream has come true.

The 328,000 Quebecers investing their hard earned money in Gagnon's brain-child know the people bor-

rowing the funds. It's the local hardware merchant who wants to expand, the owner of a machine shop borrowing money to buy new equipment, and the person with a new business idea that re-

quires financing.

A key element in Gagnon's success: the borrowers are generally neighbors and employers.

The Canadian Federation of Independent Business, for example, estimates a majority

of its 7,200 Quebec members have received support from the Caisses d'Entraide.

The remarkable experience of the Caisses d'Entraide is not well known in Canada, which is too bad.

Construction underway across the County

... Its always a sure sign of spring when the dump trucks, bulldozers and other heavy equipment head for the various construction sites around Haliburton County. Two of these sites are in Haliburton (left) where water and sewer construction is underway again along Highway 35. On the right in Minden, the rockcut about a mile

north of the Town on the Bobcaygeon Road is being blasted away by J.A.C. Kernohan Construction. This particular corner of the road has been a very dangerous curve for many years. With the final blast on the site being set off last Friday afternoon, completion should be just a short time away.

MacNaull, Hatkoski, Newton win 5 events at HHSS Meet

Haliburton — Fourteen Haliburton Highlands Senior Secondary Track and Field records fell last week, seven girls records and seven for the boys. Two records each were set by the following athletes, Marla MacNaull, 800 metres in 2:52.8 and the 1500 metre in 5:56; Helene Hellquist, junior, 400 metres in 1:09.8 and the 800 metres in 2:42.2; Paul Madden, junior, 1500 metres in 4:41.3 and the 3000 metres in 10:19.7; Mike Hatkoski, junior, Pole Vault in 3.06 metres and the javelin, in 47.34 and from the senior ranks, Butch Manary in the Shot Put, 12.09 metres and the Discus for 36.84 metres. Others set were by Signe Tashlin a new midget girls record in the 400 metres of 1:12.6. Pam Iles in the junior girls shot put, of 8.82 metres, senior, Darlene Barhart in the javelin with a throw of 27.50 metres, and Junior Eddie Davis with a leap of 1.68 metres in the high jump.

The outstanding performances during the day were turned in by Midget girls Champion, Marla MacNaull who captured five blue ribbons in the 100 metres (14.3), 800 metres (2:52.8 record), 1500 metres (5:56 record), Long jump (4.36) and the Discus (19.79). Junior girls Champion Margie Newton, also had five first, 800 metres (3:01.9), 1500 metres (6:08.8), 400 metre hurdles (1:19.2), Long jump (4.39) and High jump (1.42). Junior Boys Champion is Mike Hatkoski and he too had a great day, with five victories; 110 metre hurdles (18.0), Long jump (5.57), Triple jump (11.80), Pole Vault (3.06) and the Javelin (47.34).

The other 1980 H.H.S.S. Champions are, Midget Boys, Steve Smith, Long jump and triple jump Senior girls, Helene Hellquist, 200 metres, 400 metres and 800 metres, Senior Boys, Brent Devolin, 400 metres, 800 metres and 1500 metres.

The top three finishers in each event in each Midget, Junior and Senior, now advance to the Regional Finals to vie for the right to compete at C.O. S.S.A.
